SKEEN FAMILY HISTORY IN PART

THREE DOLLARS

INTRODUCTION

The name Skeen probably took its initial formation between the 11th and the 13th Centuries, and was first recorded as a descriptive identification. By the 15th century surnames became recognized and were passed on to others in the family. This helped to distinguish among the various first names within a village. The surname usually developed around one of four basic categories. Locations were often used as surnames. Thus, a Henry living near a lake might become Henry Lake or Henry Waters. Patronymical, characteristic, and occupations also were used.

The surname Skeen appears to be locational in origin and is believed to be associated with the Scots, meaning "One who came from the land of Skene (bush)". DICTIONARIES of surnames indicate probable variations. The most prominent variations of Skeen are Skene, Skeene and Skenes.

The United States Census Bureau in 1970 estimated that there were approximately 3.1 persons per household in America. Which yields an approximate total of 3720 people in the United States carrying the Skeen name.

The generations of descendants of Skeens bearing numbers and alphabets are represented as follows:

As we have it the FIRST GENERATION would be:

THE SKEEN HISTORY AS WE SEE IT

With memory, imagination, and history we take a look.

First back to James and Margaret McDavid Skeens. "The name James derived from Hebrew and means the supplanter."

Grandpa James Skeen was a descendant of Scotland. When his family came to America he chose to make his home in the vicinity of Dothan, Alabama. There he and Margaret raised a family of three sons. They were John Wade, William or (Bill) and Zinnerman Edmond.

While the children were fairly young Grandpa James passed on into eternity.

Later Grandma Margaret McDavid Skeen was again married to a Mr. Holland. It is thought that it was then that John and Bill left Dothan, Alabama. Zin was the younger of the Skeen children as he was the only one to remain with his mother, stepfather and half brothers and half sisters.

This information came from Theodore and Lucy Skeen by way of an old family Bible given them by Theodore's father William Esmond Skeen a son of Zinnerman Skeen.

In a section of Florida later to be known as Suwannee County December 21, 1858.

HISTORY-Came a young descendant of Ireland by the way of Georgia U.S.A. named Ervin Adams.

It is not known when he came to Florida but fairly sure he came about 1800, met a young local girl named Nancy Caraway and they were married.

The second Florida boom began in 1825 some of every class of society, every profession, the rich as well as the humble, had an interest in coming to the state.

This time was characterized by the establishment of territorial banks, the founding of towns, the beginning of many newspapers, and among the farmers a period of luxurious living. With the first steam railroad in Florida in Sept., 1836.

The President signed a bill admitting Florida into the Union Mar. 3, 1845. Later Live Oak became a city on April 24, 1878.

The last Indian raid in Suwannee county came in Jan., 1841 and with the ending of the Seminole War in north Florida in 1842. A new influx of settlers came to the area. Population increased and doubled, then trippled.

HISTORY-It was here Grandpa Ervin Adams and Grandma Nancy Caraway Adams raised their family.

We only know about one brother-the great-grandfather of Dan Adams of Suwannee County and the daughter Mary born Oct. 5, 1827-the name sympathetic.

Mary Adams met the young Scotchman from Dothan, Alabama name John Wade Skeen born in 1826. On May 2, 1852 they were married.

Like most young husbands he wanted to make a home for his family.

FROM FAMILY BIBLE OF MARY ADAMS SKEEN

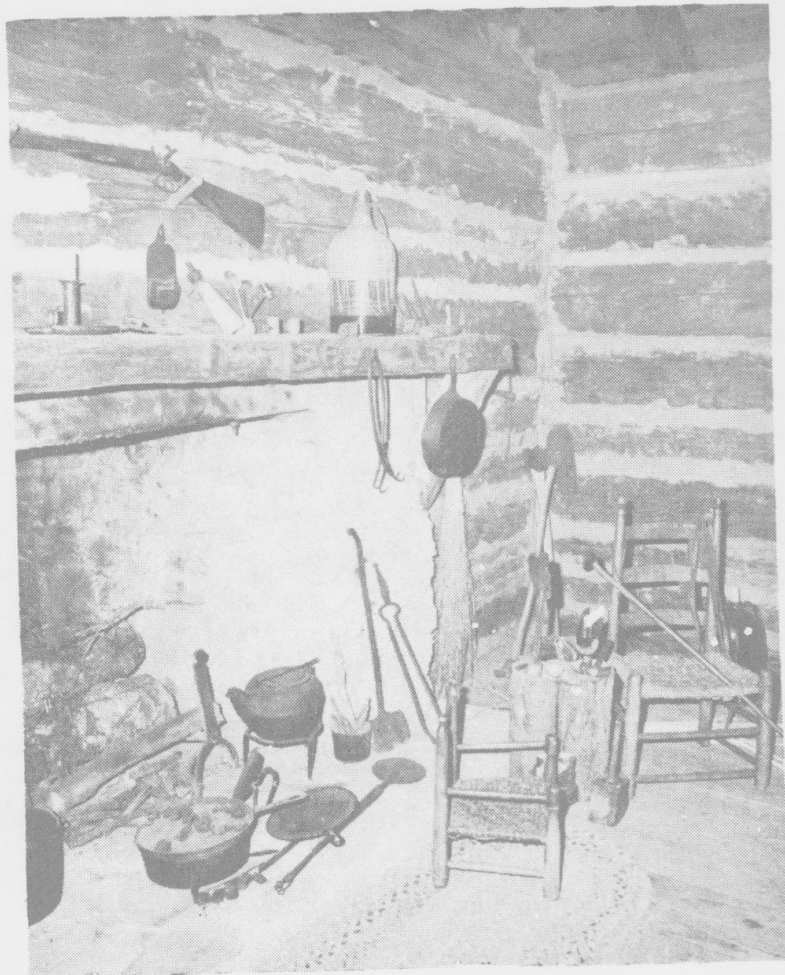

So on December 12, 1855 great-grandpa John Wade Skeen purchased 39.89 acres of land @75¢ per acre or a total of \$29.92. It was located at NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 31 Township 1 South Range 14 East or about 3 miles North of what was later to become Live Oak. Now owned by S.T. Bozeman.

Here they built a log house. This was by no means an invariable sign of poverty. They made their furniture such as bedsteads, chairs, tables and spanish moss-straw or cotton mattresses.

Florida's homes were hospitable homes, and a healthy climate. The houses were warmed by a large open fire place with a chimney made either of sticks and clay or rocks.

The fire place was also used to cook in. Around the house where they lived were other houses made of logs also. There was a house called the smoke house that housed the meat and lard from hogs killed each year. There was a syrup house where the syrup was kept along with a large pot or sugar kettle. Where the juice from the sugar cane was cooked to a desired thickness that had been pressed from the cane in a near by sugar mill consisting of two large rollers.

Here is a picture of the cane mill.

From house to house the corn was also a must. The corn was used to feed the chickens, pigs, cows and also for the family to be ground into grits and meal.

There also was a small house or bank to house the sweet potatoes.

A cow pen was close where cows were kept at night to be milked for the family's milk, butter, curd and cheese.

There were more houses for the buggies, surries and horses to be kept in. There was even a house for the cotton to be kept in as this was the main money crop, and lots of people had their own spinning wheels and looms to make their own thread and cloth with.

Around this surrounding there was always a vegetable garden where the family could depend upon daily the year around.

There was always the old iron pot that was used to boil the clothes in when being washed. It was often used to boil lye and old grease in to make soap for the family.

The water was drawn by a rope or chain and a bucket from a dug well or a built cistern.

The out-house was about one hundred feet from the Big house well stocked with corn cobs and old Sears and Roebuck Catalogues.

MEMORY-For entertainment there were candy pullings, Fruit Suppers and peanut boilings where games were played with all taking part.

Then there was the Community Square Dances, Log Rolling, Quilting Bees and Cane Grindings.

On July 1, 1856 God blessed John Wade and Mary Adams Skeen's home with a son who was named Julius Ceasar-Meaning kind. In 1859 two out-standing things happened to this young couple. The first being another son born to them on March 28, 1859 which was named Malcom Calmore-meaning kingly.

Four days later on April 1, 1859 the young couple received their first home-stead Grant for 39.80 acres next to the purchased land. The Certificate No. was 3991.

We now can begin to see the outstanding thinking of Grandpa John Wade. Tho' he had very little education, in fact, he was unable to sign his own name. In Book A page 578 in Clerk's Office in Live Oak, Fla. where they sold 160 acres to W.F. Ocain and signed the deeds with an x.

On may 20, 1862 he received another homestead-The Certificate No. was 17718 application 29305 in tax book GG page 455. -to J.W. Skeen NW $\frac{1}{4}$ of NW $\frac{1}{4}$ of section 17 Township 2 South range 14 East of Tallahassee, Florida the amount was 40.12 acres. Now owned by Maude Skeen.

On the very same day, May 20, 1862 he received a second homestead certificate No. 6356 application 10789. Book N page 185, in the name of Malcom Calmore Skeen. The discription was NW $\frac{1}{4}$ SE $\frac{1}{4}$; SE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 8 Township 2 South Range 14 containing 80 acres. Now owned by Maude Skeen and J.P. Jones.

On January 26, 1862 the Lord gave them a third son which they named James Oliver-meaning Dutiful.

Evidently things failed to run too smoothly for this family financially just now, for grandpa John Wade now forty years of age, his oldest son only ten with a wife and two other sons sold 160 acres of their homestead on August 7, 1866 to a W.F. O'Cain for the sum of \$650.00. Leaving them about 40 acres to live on.

The following year again they were blessed with another and final son on May 20, 1867 and named him John Wade-meaning given by God.

Grandpa John Wade had applied for another homestead in the amount of 39.81 acres on May 20, 1867 the date of their last son's birthdate. For some unknown reason it took a longer time to go through.

In the mean time the death angel took Grandpa John Wade to his eternal home on the 24th day of May 1881.

There was also a girl who we feel sure was born after the four sons probably about 1870(?) that did not live until adulthood. She was or almost blind.

When Grandpa John Wade died Grandma Mary was fifty-four, lonely, uneducated, but determined. Her four sons were now most grown and three of them married. Her baby son John Wade Junior was now fourteen years old.

JOHN WADE SKEEN

A little over nine years later he was married on November 18, 1886 to Miss Alice Polley Howell-Book 2 Page 455 in County Judge's Office. He moved his new bride into the home of his mother.

October 13, 1893 the homestead that grandpa John Wade had applied for finally came through to Grandma Mary-it was SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 18 Township 25 Range 14 East of Tallahassee in the amount of 39.81 acres. Given at the city of Washington August 14, 1883.

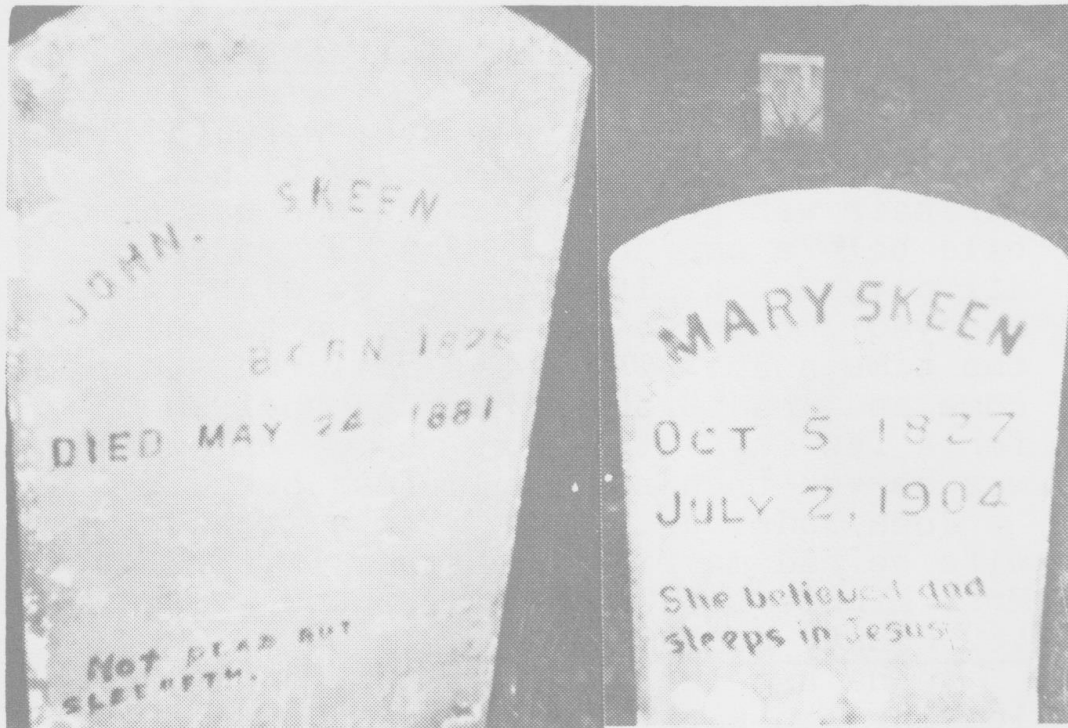

By now Grandma Mary's eyes were failing badly. As she went completely blind. Her hair was getting thin as she was also bald before her death. She wore a bonnet all day, and a sleeping cap at night. She enjoyed smoking a corn cob pipe to while the time away. The grand-children would come and lead Grandma Mary to their home for a few days stay. At meals her plate was served then she could feed herself.

John Wade, Jr. along with a second wife he had married September 12, 1897 to Mrs. Minnie Lee Underwood. Book 2 page 462 County Judge's Office.

As he had lost his first wife in death, leaving him with two small children still living with his mother grandma Mary and did so until about 1900. When he had built a nice home about one half mile east of where he had always lived. Then he and his family along with Grandma Mary moved to the new home.

November 1, 1903 Grandma Mary sold the last homestead of 39.81 acres to John Wade, Jr. for the sum of \$100.00. Book CC page 248 Clerk's Office-Now owned by a daughter Maude Skeen. Then on July 2, 1904 Grandma Mary's life here on this earth was ended as the results of a heart attack. At the age of seventy-seven (77) while

most of the family picknicked at Suwan-
nee Springs. Grandma Mary Skeen was
laid to rest beside Grandpa John Wade
Skeen in the New Hope Methodist Cemetary.

Before the son Julius Ceasar Skeen was married he obtained his first land Feb. 4, 1878 at public auction for non payment of Taxes-105 acres from state of Florida SE Corner of Section 7 Township 2 Range 14 SE for the sum of \$60.93.

Julius Ceasar Skeen's life was much the same as most busy Southern gentlemen. With a wife and fifteen children, he kept quite busy either farming or truck farming. On both he did quite well. Soon he had a sizeable amount in the First National Bank in Live Oak. The amount continued to grow until he soon found himself on the Board of Directors for this bank. After an undetermined time, the special dark day in his life occurred. When he was informed the bank had closed for good, and all he had there was in question-but finally it did reopen and he received a percentage of the total. He was able however to maintain above average in living standard for himself and his family.

Even though the Indians had been conquered, there was a precaution period and Julius was one of the ones that helped keep the peace in the cavalry.

He also did some substitute school teaching.

His work here on this earth was finished on June 22, 1927 after seventy-one fruitful years. He died as the result of heart dropsey.

The second son of Grandma Mary and Grandpa John was:

MALCOM CALMORE SKEEN

[3](2) Malcom Calmore Skeen, the second son of Grandma Mary and Grandpa John Skeen was married on an unknown date, in 1880 to a Miss Florida Ann McNeil. She died on February 10, 1943 and was buried in Pompano Beach Cemetary, on Sept. 21, 1889 Book N Page 185

Then he received 80 acres of land from the United States of America. Homestead Certificate of Tallahassee Meridian Section 8 Township 2 Range 14. Here he

lived the rest of his life except for one year. He sold this farm and moved to Rixford Community. There he was dissatisfied and was lucky enough to buy back his original farm, now owned by two granddaughters; Mrs. Merle Hagan and Mrs. Thetis Yawn.

On August 21, 1881 a son was born to them and he was named:

(2)(A) Charlie Calhoun Skeen: meaning- "manly". He was the first grandchild and the only grandchild grandpa John ever saw. He was married on an unknown date to Miss Sudie Jeanette Helton, born July 20, 1886 and she died August 12, 1952. But Charlie lived until Feb. 19, 1963.

Then on September 21, 1884 a second
child was born and named:

(2)(B) Addie Mae Skeen Bailey.

Addie was about a year and a half old
when her mother took **Charlie**, an older
brother with her to the garden to get
some vegetables as her mother was great
with child left Addie feeding corn to
the chickens. They heard her scream
and ran to her just in time to **see** a
large eagle - our national bird -
flying away. He had caught her and
tried to fly off with her. When her
mother arrived she was all bloody, but

not badly harmed. She never grew too large but had a swift move about her. She was married December 28, 1903 to

(2)(B) Husband- James Marion Bailey- born March 20, 1881. He died February 23, 1961. Addie followed July 3, 1964.

Lonnie Leondous Brown b. Oct. 5,

Burried, Sunday, Jan. 31, 1960 - 75 yrs

They were married December 8, 1909 in
the home of the Bride's parents at 3:00
P.M. in the presence of friends and
family. Jessie was accident prone.
When she was about seven, her brother
Charlie had been cutting wood and was
bringing in an arm load with a very
sharp ax lying on top. Jessie ran to
open the yard gate, the ax slipped off
the wood, fell to the ground and amputated

all her toes on the right foot but the big toe. Her father being inclined to doctor came, put them back in place, and bound them up. When it was too late they found they had grown back fine only they were on crooked and was a worry from then on.

Then when she was about eleven, all the children were in the corn crib fixing corn to have it ground for the family's grits and meal. While they shucked the corn they threw the shucks out the crib door onto the ground. When they were finished, Jessie ran, jumped out the door about three feet off the ground and the already crippled foot hit a garden rake the long way-driving every tooth completely through her foot. Again her father came and ministered to her.

When Jessie was sixteen she stepped barefooted with that right foot on a broken glass bottle-again it was her father who came to help her. But this time he was not as successful because small shivers of glass remained in her foot rising occasionally for over two years.

Malcom once saved his younger brother, Oliver's life. After he had been bitten by a rattle snake, Malcom applied a tourniquet, split his leg, and sucked out the poison. Oliver lived to be older than any of his brothers. But for Jessie trouble was not all she got into. She learned to play an organ and piano and played for church after she was eighty-two.

John Wade Skeen Jr. was called away from this world at the tender age of fifty-two years as the results of a carbuncle on the back of his neck. He was the father of 14 children, and remembered quite tenderly as a kind and loving father. He was an outstanding farmer and provided quite well for his family.
